Tracked dump truck						
model	parameter				EXW	
750		Length * width * height (mm)	2050*800*1300	starting system	Electric start/manual	
		Container size (mm)	1200*750*500	Track system	Engineering rubber crawler depth gauge	
		Maximum road load	800KG	gear	Three in and one out	
		engine	Bailitong engine	All kinds of wheel materials	Precision pouring steel	
		Whole vehicle weight (kg)	420KG	Uphill height	0-45°	
		Track type (mm)	180*72*41	oil consumption	0.6L/h	
		Chassis width	70CM	Steering mode	pull rod	
		Self-unloading function	Hydraulic dump	Size/weight of wooden case	2250*900*1500/70kg	
850		Length * width * height (mm)	2250*900*1300	starting system	Electric start/manual	
		Container size (mm)	1300*850*500	Track system	Engineering rubber crawler depth gauge	
		Maximum road load	1000KG	gear	Three in and one out	
		engine	Bailitong engine	All kinds of wheel materials	Precision pouring steel	
		Whole vehicle weight (kg)	436KG	Uphill height	0-45°	
		Track type (mm)	180*72*41	oil consumption	0.8L/h	
		Chassis width	70CM	Steering mode	pull rod	
		Self-unloading function	Hydraulic dump	Size/weight of wooden case	2350*1000*1500/80kg	
950		Length * width * height (mm)	2350*1000*1300	starting system	Electric start/manual	
		Container size (mm)	1350*950*500	Track system	Engineering rubber crawler depth gauge	
		Maximum road load	1200KG	gear	Three in and one out	
		engine	Bailitong engine	All kinds of wheel materials	Precision pouring steel	
		Whole vehicle weight (kg)	560KG	Uphill height	0-45°	
		Track type (mm)	230*72*46	oil consumption	0.8L/h	
		Chassis width	85CM	Steering mode	pull rod	
		Self-unloading function	Hydraulic dump	Size/weight of wooden case	2450*1100*1500/90kg	
1050		Length * width * height (mm)	2400*1100*1300	starting system	Electric start/manual	
		Container size (mm)	1400*1050*500	Track system	Engineering rubber crawler depth gauge	
		Maximum road load	1500KG	gear	Three in and one out	
		engine	Bailitong engine	All kinds of wheel materials	Precision pouring steel	
		Whole vehicle weight (kg)	590KG	Uphill height	0-45°	
		Track type (mm)	230*72*46	oil consumption	1L/h	
		Chassis width	100CM	Steering mode	pull rod	
		Self-unloading function	Hydraulic dump	Size/weight of wooden case	2500*1200*1500/100kg	
1200		Length * width * height (mm)	2450*1300*1300	starting system	Electric start/manual	
		Container size (mm)	1450*1150*500	Track system	Engineering rubber crawler depth gauge	
		Maximum road load	1800KG	gear	Three in and one out	
		engine	Bailitong engine	All kinds of wheel materials	Precision pouring steel	
		Whole vehicle weight (kg)	650KG	Uphill height	0-35°	
		Track type (mm)	230*72*49	oil consumption	2L/h	
		Chassis width	1000CM	Steering mode	pull rod	
		Self-unloading function	Hydraulic dump	Size/weight of wooden case	2500*1300*1500/110kg	

Remarks: The minimum order quantity is 10 sets, which can be increased by 500kg truck crane, with an increase of 210 USD.
