Product parameters

Model	HW800SL
Overall size(L*W*H)(mm)	2050*800*1300
Container size(mm)	1200*750*500
Fuel consumption(l/h)	0.6
Power(KW)	6.3
Chassis width(cm)	70
Gears	3 drivers 1 reverse
Track material	Engineering rubber track
Track model	180*72*41
Climbing angle	35°
Drive method	mechanical
Dump function	Hydraulic dump
Max.payload(T)	0.8
Weight (Kg)	420
